

TOWN OF MILFORD
TOWN ENGINEER

The Town of Milford is seeking qualified applicants for the position of Town Engineer. Salary Range is \$98,228.00 to \$132,608.00.

Under the general direction of the Town Administrator and Select Board, the Town Engineer is a senior level technical and professional position responsible for managing the operations of the Town's engineering functions; including the preparation and review of plans, specifications, estimates and contracts; directing and participating in engineering projects; providing technical review of development plans; providing technical advice and recommendations to regulatory boards and other officials and approving a variety of construction permits and applications.

Minimum qualifications include a BS in Civil Engineering, 10 years' experience, knowledge of municipal bidding process, knowledge of storm water analysis and management including MS 4 permits and ability to use Hydrocad, and be licensed as a Registered Professional Engineer in Massachusetts.

Interested applicants must obtain the Job Description from the Town Website at www.milford.ma.us or from Select Board's Office, 52 Main Street, Room 11, Milford, MA 01757. Complete application packet can be emailed to the Town Administrator at rvillani@townofmilford.com or returned to the Select Board's Office.

Deadline is June 15, 2022.
