

MUNICIPAL CLASS EA WORKSHOP

Learn how to easily follow and use the Class EA process from an instructor who has been involved with the process since the inception of the Municipal Class EA over 30 years ago.

- Discover how the Municipal Class EA planning process can be your best friend in bringing a project from concept through construction.
- Learn why and how this planning process is “owned” by the municipality rather than the government, and how flexible the process can be.
- Acquire knowledge on how you get to decide how to use the MCEA process to plan your own projects.
- Discover how you can manage the planning process to suit your projects, through devices like how to develop a Problem Statement, and how to evaluate alternatives.
- Learn about plans for EA reform that will streamline and may fundamentally change the MCEA process.

The Workshop is delivered in three Webinars. Further Webinars to specifically explain the amendment to the MCEA will be offered after the amendment is approved.

Module 1 – Monday June 20, 1:30 – 3:30 pm

Review the EA Act and Historical Background

Explain Class EAs and Parent EAs

Discuss General EA Principles

EA Reform

- Schedule A and A+ Exempt
- New PIOR process
- New Regulation to Replace MCEA
- Amendment to MCEA

Determine Proponency

Create the Problem Statement

Identify Potential Alternatives

Selection of Schedule A, A+, B or C

Follow Sample Projects through the Process

Module 2 – Tuesday June 21, 1:30 – 3:30 pm

Review Sample Projects

Develop a Consultation Plan

Issue a Notice of Commencement

Inventory of Environment

Identify Alternatives

Evaluation of Alternatives

Considering Climate Change

Selecting Preferred Solution

Notice of Completion

Follow Sample Projects through the Process

Module 3 – Wednesday June 22, 1:30 – 3:30 pm

Review Sample Projects

What if?

Addenda
Master Plan
Property
Classify Projects
Same Location
PIOR
MCEA Enforcement

What's New?

EA Reform
MCEA Amendment
Acquisition Planning Act
Project Heritage Bridge Checklist
COVID-19 Restrictions
Companion Guide Notes

Who should attend?

This course has been specifically designed to suit the planning needs of municipal engineers and technologists, planners, consultants, and Ministry of the Environment staff.

Registration fees:

\$400 + HST (MEA members)

\$500 + HST (non-members)

Attendees will receive a 1-year complementary subscription to the online **MCEA Manual** as well as a digital copy of the course workbook.

Your Instructor

Paul Knowles, P.Eng., is the MEA's MCEA Advisor. He graduated from Queen's University as a Civil Engineer and worked in the private sector for 9 years before joining the Town of Carleton Place as Town Engineer in 1989. His involvement with the Municipal Engineers Association (MEA) and the Municipal Class Environment Assessment (MCEA) began shortly thereafter. In 1993, Paul was promoted to CAO for Carleton Place but continued his engineering work and remained very active with the MEA as a Board member (2008 – 2018) and as its President in 2017,

Throughout the years, Paul has been involved in all aspects of the MCEA document, including all re-writes and amendments. Paul officially retired from Carleton Place at the end of 2018 but is continuing to work with MEA as its MCEA Advisor, delivering training programs and pursuing improvements to the MCEA process.

**The MEA plans to offer additional MCEA Workshops in 2022.
Check our website for information regarding additional dates and
registration. www.municipalengineers.on.ca**
