Lakeshore is a beautiful Municipality situated in southern Ontario along Lake St. Clair. Lakeshore is a great place to live, work and play. The Municipality has a population of 40,000 and is one of the fastest growing communities in Southern Ontario. Lakeshore's affordable lakefront community enjoys over 35 km of waterfront, low taxes, a high quality of life and abundant recreational opportunities with many family friendly parks, recreation programs, a multi-use recreation centre, the Atlas Tube Recreation Centre including pools, 3 ice pads, gyms, and much more.

### **The Municipality has an employment opportunity for a Full Time:**

## **Deputy Municipal Engineer**

Reporting to the Corporate Leader – Operations/Municipal Engineer, the Deputy Municipal Engineer is responsible for the administration of Engineering and Infrastructure and Utilities and Energy Management.

As a member of the Senior Leadership Team (SLT), the Deputy Municipal Engineer is responsible for overseeing all matters related to service delivery of Engineering and Infrastructure and Utilities and Energy Management. This position may be assigned as the back up to the Corporate Leader – Operations/Municipal Engineer position.

#### **Some qualifications, knowledge and responsibilities required include:**

- 4-year university degree in Engineering
- Must have a Professional Engineering Designation
- Must have a minimum of 8 years progressive leadership experience in related field
- Must have experience in development of long-term planning of Infrastructure Maintenance and Utilities and Energy Management
- Must have experience as a leader of complex strategic projects overseeing major cross-functional initiatives in a diverse, complex and multi-faceted organization
- Must have experience leading large-scale transformational change initiatives and delivery of programs that create service improvement and efficiencies, and involve multiple stakeholders
- Project Management Professional designation is an asset
- Understanding of municipal infrastructure, design and system modelling
- Ability to prepare reports, correspondence, presentation material and Council reports
- Comprehensive knowledge of and ability to interpret and administer a variety of regulations, Acts, contractual agreements, policies and guidelines
