

Lead with purpose. Shape the future of Greater Sudbury.
Join the Engineering Services team at the City of Greater Sudbury.

Position: Project Manager

Job Status: Permanent

Location: Greater Sudbury, Ontario

Reports to: Senior Project Manager

The Opportunity

Join the City of Greater Sudbury and play a key role in delivering critical infrastructure projects that shape our community. Reporting to the senior project manager, you'll lead the planning, coordination and execution of linear infrastructure projects — from concept through construction and warranty — ensuring they are delivered on time, on budget and to the highest quality standards. This is an exciting opportunity for a collaborative, solutions-oriented professional who thrives in a dynamic environment with multiple community partners.

What You'll Do

- Lead and coordinate project teams, consultants and contractors through all phases of project delivery.
- Develop and implement project management plans, including scope, schedule, budget, risk and communication strategies.
- Monitor and report on project performance, including financials, timelines and key milestones.
- Oversee procurement processes (RFPs, RFQs), specifications and cost estimates.
- Conduct site visits to ensure compliance with contract documents, regulations and quality standards.
- Manage project risks, changes and stakeholder expectations, resolving issues and mediating disputes as needed.
- Chair project meetings and maintain accurate documentation and reporting.
- Liaise with internal and external community partners, including the public, and support consultation activities.
- Act as a representative in project-related claims or litigation matters.

What You'll Bring

- University degree in a related discipline and at least three years of engineering experience or college diploma in related discipline with at least five years of engineering experience.
- Experience managing or coordinating infrastructure or capital projects, ideally in a municipal or public sector setting.
- Strong knowledge of project management methodologies, construction practices and contract administration.
- Proven ability to manage budgets, schedules, risks and multidisciplinary teams.
- Excellent communication skills with the ability to build relationships and navigate complex community partner environments.
- Proficiency with project management and related software tools.

- PMP designation, P.Eng. (PEO), or C.E.T. (OACETT) considered assets.
- Valid Class G driver's licence with a safe driving record.

Why Work With Us

- Make a meaningful impact on infrastructure that supports and strengthens the community
- Work on diverse, complex projects with a collaborative and supportive team
- Build your expertise through professional growth and continued learning
- Work in a culture that values safety, innovation and service excellence

Salary and Additional Benefits

The salary range for this position is \$ 106,641.99 to \$125,533.17 per year. We also offer a comprehensive health benefits plan (100 per cent employer-paid), an OMERS pension plan, life insurance, an Employee Assistance Program and more. We provide a supportive work environment that promotes work-life integration, along with meaningful professional development opportunities to support your career growth.
